

TRIDENT TECHNICAL COLLEGE

Department of Public Safety

Crime Statistics

Palmer Campus

Crimes and arrests made on campus are reported monthly to the S.C. Law Enforcement Division in accordance with the Uniform Crime Reporting Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Reports do not necessarily mean that a crime occurred or that arrests and/or convictions resulted. Statistics reflect the number of offenses reported to Public Safety and to off campus law enforcement agencies. Offense definitions are those used by the FBI in the Uniform Crime Report (UCR).

The offenses listed are those reportable in compliance with the Clery Act, and do not contain other incidents which may have occurred. An Open Police Log is also available for daily inspection at the Main Campus Public Safety Office.

REPORTING AREAS:

Campus - any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as food or other retail vendor).

Non-campus building or property - any building or property owned or controlled by a student organization recognized by the institution; or any building or property (other than a branch campus) owned or controlled by an institution that is used in direct support of or relation to the institution's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

Public property - all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to, the institution's educational purposes.
